

Rendezvous Ski Club

The Rendezvous Cross Country Ski Club is a volunteer based club which offers more than 12 kilometres of classically groomed trails meandering through spectacular scenery in the valley between Nipigon and Red Rock. Located one hour east of Thunder Bay, exit Highway 11/17 south on Golf Course Road, the trailhead is ~ 100 m on the right.

Trail Descriptions

Beaver Meadow Loop (2.6 km) Easy

Winding through mature birch and poplar forest, this flat, sheltered trail offers protected skiing on cold, windy days and is good for beginners. Watch for snowshoe hare, chickadees and woodpeckers.

Moose Loop (5.9 km) More Difficult

Medium size hills make for a more challenging trip as the trail passes through old growth cedar and open hardwood forest. Moose, deer and snowshoe hare are sometimes seen on the trail.

Golf Course Loop (2.4 km) More Difficult

Entirely in the open on the North Shore Golf Course, this trail is fairly flat with some rolling hills and is less challenging than the Moose Loop. (Limited track set due to drifting snow.)

Lookout Trail (1.7 km) Most Difficult

This challenging trail includes steep hills and tight corners crossing rugged terrain and provides some beautiful vistas.

Lynx Link

This short link between the Beaver Meadow Loop and the Moose Loop provides an opportunity to bypass the hills at the start of the Moose Loop.

Ruoho's Return

This trail, crossing a part of the former Ruoho Dairy Farm (1923-1960), returns from the Moose Loop to the Beaver Meadow Loop, providing an opportunity to add more distance or a shortcut back to the Beaver Meadow Loop.
